Dear Mr. Weisberg,

Yours of the thirteenth arrived today.

My Klamath Falls friend is preparing a better xerox set of the Wheat articles, and an inventory of literature found on the premises from the groups you mentioned.

By the way, I believe Hargis published a pamphlet by Bringuier on Cuba. The title escapes me, but I imagine it is still in print.

Believe me, I would like nothing better than to have you out here, but Washington CCI is still new and small, still trying to break out of isolation, with little cash. Perhaps sometime in the future, if things go right.

I shall order a copy of PHOTOGRAPHIC WHITEWASH when I return from Los Angeles, where I am heading shortly for a vacation. Two friends of yours, the Newcombs, are up here on a vacation and have kindly offered to let me mooch a ride. It will also be an opportunity to hand carry some potentially valuable material from this area to Burton.

I'm glad to see you are writing another book, and I look forward to seeing it. I guess that puts you neck-and-neck with Joesten, which pleases me. I am high tariff in all things.

Perhaps someday I can do you a favor. For the last seven or eight years a constant interest of mine has been the domestic extreme Right. I have about forty boxes of literature and correspondence from various groups and individuals and documentation on them. If the occasion arises that I have something that interests you, I would provide whatever I can. Unfortunately, I as yet have no inventory of my holdings.

Keep up the good work.

Sincerely yours,

George E. Rennar
